

École Belmont

Kindergarten Report Card

Teacher: K. Mendrun

Student: Mheia

Year: 2018-2019

Term 2 December – March

Mheia has shown growth since joining us in January. She has become a part of our classroom community. Mheia has shown that she is a part of the classroom community by being respectful to the students and adults in the room, participating actively throughout the day and taking care of our classroom. Mheia enjoys playing with the other students in the room and comes to school with a positive attitude towards learning. She is aware of and is able to follow our daily routines including being able to lead some of the carpet time activities.

Mheia is able to identify and name familiar arrangements of 1-6 dots on a dice. Mheia is able to count to 23. She is able to sort 3D objects using a single attribute for example shape, colour or size. The next step is to sort 3D objects using two or more attributes. Mheia is able to match numerals with their pictorial representations. She is also identifying, expanding and creating patterns that are more complex.

Mheia is able to ask questions that demonstrate a curiosity about living things, objects and events in the immediate environment. Mheia participates in co-operative group learning experiences.

Mheia is learning to identify, in French, which season we are currently living in and is learning the characteristics of each season. Mheia is able to predict and describe changes in colour that result from the mixing of primary colours and from mixing a primary colour with black and white. Mheia is beginning to identify primary and secondary colours in French.

Mheia is able to give examples of rules and identify their purposes. She can live within these rules to help contribute to a safe, caring and fun learning environment for herself and the other students. Mheia is working on identifying people who are responsible for helping and caring for her at home, school and in the community.

Mheia knows the days of the week and is working on identifying which day it is every day as well as distinguishing between today, tomorrow and yesterday. Mheia is working on learning the twelve months of the year. She is learning to use events to identify the months for example, Saint Patrick's Day for March.

Mheia demonstrates a positive attitude towards learning and living in French. Mheia is able to identify a few of the letters of the French alphabet and is beginning to identify letter sounds. Mheia is beginning to ask questions in French without prompting.

Mheia has shown growth in her comprehension of the French language. She is able to follow directions in French and show comprehension of stories that are being read to her in French.

Mheia will continue to grow, learn and play in the in final term of kindergarten through a variety of authentic hands-on, play based learning experiences.
